## Owner Management changes as of 04 September 2017

Each Owner will be created and managed as a person on the FEI Database and will have their own FEI ID number.

Companies and Corporations will also be properly managed and have their own individual FEI ID number; a function to manage multiple owners will also be available.

An Owner is mandatory when creating a new horse and must be kept up to date when ownership changes, it is therefore important that your National Federation takes into account these changes.

### WHAT IS THE NEW PROCESS FOR NATIONAL FEDERATIONS?

- This change will influence the way a new Owner is created on the FEI Database or an Owner Change is performed as of this date.
- You will create the Owner as a person on the FEI Database; information regarding this Owner (address, nationality etc) will only need to be entered once on their Owner profile.
- When a new horse is created, you will create a new Owner using this new process, this Owner will be attributed with a FEI ID number.
- Any Owner Change made as of 4<sup>th</sup> September 2017 will also go through this new process and the Owner will be given a FEI ID number.
- If the Owner already exists on the FEI Database, you will simply select the FEI ID/name when creating or changing an Owner.

### WHAT ARE THE BENEFITS OF THIS NEW PROCESS?

- It will be possible to link and find all horses owned by one Owner through

# Results

the use of the FEI ID number.

- In the future, Owners will be able to view a list of their horses on their own FEI ID profile page and easily see results and information about their horses.
- You can easily use the FEI ID number of the Owner when needing to add a New Owner or perform an Owner Change.
- It will facilitate National Federations in regards to updating Owner information, address, nationality etc.

## HOW ARE WE HERE TO HELP?

- We are aware that this change will affect your internal workflow; we will create Guidelines on this HowTo page which will explain the different processes and changes to the FEI Database.
- The FEI Web Services will be adapted to incorporate this change, the documentation detailing the specifications is available on the [National Federation Web Services page](#).
- We are more than happy to help with any questions you have regarding these changes and assist in any way possible: [usersupport@fei.org](mailto:usersupport@fei.org)
