How to export recorded Horse temperatures from the FEI HorseApp

You are a FEI Veterinarian at an FEI Event and you need to export the recorded Horse temperatures?

You have the possibility to export all Horse temperatures recorded on the FEI HorseApp of all Horses that are identified as being present at the Show.

Step 1: Login to the FEI HorseApp using your FEI ID number and password.

[Click here to see how to log in to the FEI HorseApp if you have any issues.](#)

Veterinarians

Step 2: As FEI Veterinarian, specific functionalities are reserved for your role.
Choose to act as a **Veterinarian**.

Veterinarians

Step 3: Click on **Temperature check** and select the **Show** for which you want to download the recorded Horse temperatures.

Veterinarians

Step 4: You will land on the main Temperature Check section.

Click on the **download** button in the top right corner of your screen.

The list contains all Horses with their recorded temperatures for the five days prior to the Show start date, the ones recorded during the Event and three days after the Event.

Veterinarians

Step 5: Select the option of how you would like to receive the list:

- Click on **Send file(s) to email** if you would like to receive the file by email.
- Click on **Download to phone** if you prefer to have the file directly downloaded to your mobile phone. We recommend using this option.
