You can confirm this athlete's wishlist if you agree with priorities.

To note: If you add an Event with unlimited entries to the Athlete's wish list, they are guaranteed to be entered and accepted in that Event during the invitation allocation process. This means:

- you cannot add two Events with unlimited entries to their wish list
- the Event with unlimited entries must be at the end of their wish list, after the Events using the FEI Invitation System.

Step 6: If you would like to change the priority order of your Athlete's choices, click on the toggle button on the right hand side. You will then be able to drag and drop the Events to change their order.

For more information on how to change the order of the Events, click here to see [How to change the Event priority of my Athlete's choices](https://howto.fei.org/content/8/133/en/how-to-add-an-event-to-the-list-of-my-athlete_s-choices-on-the-fei-online-invitation-system.html)
