How to provide the Equine Health Requirements specifically requested for the Paris 2024 Olympic Games

In accordance with the **Paris 2024 Olympic and Paralympic Games Equestrian Freight Manual** certain Equine Health Requirements must be submitted for all Horses via the FEI HorseApp.

1) Location at D-15 before the arrival in Versailles through to, and including, D+15 after departure from Versailles

- This can be done via the FEI HorseApp for all Horses using the "Self check-in" function
- This functionality is always available and strongly recommended to be used on a daily basis
- You select that the Horse is not currently at a FEI Show (until arrival) and the location of the Horse will be registered
- The person performing the check-in must be with the Horse in question, as your position is geo-localised and saved to the FEI HorseApp
- Click here to see "How to check-in a Horse using the FEI HorseApp"

2) Date of entrance in France and location(s) where horses are staying in France prior to the competition

- A specific "Event Travel Details" section has been added to the FEI HorseApp
- This section will allow you to enter the date of Horse entry into France
- This section will allow you to register the place(s) the Horse will stay in France prior to arriving in the Stables in Versailles
- This section will allow you to indicate if the Horse resides in France
- This section will allow you to indicate the Horse departure from France as per the requirements in the Freight Manual
- Detailed guidelines on how to use the Event Travel Details section can be found here

3) All mandatory customs and sanitary documents

- Please refer to Section 2 of the Freight Manual for details
- Any questions or documents can be directed to customs.gles@gl-events.com

4) The Pre-Arrival & Event Horse Temperatures

All Users

- This must be done via the FEI HorseApp for all Horses as per the [FEI Veterinary Regulations](#)
- The process is the same as for other FEI Events
- This functionality is always available and strongly recommended to be used on a daily basis
- Click here to see **["How to enter Horse temperatures on the FEI HorseApp"](#)**

5)) The FEI Horse Health Self-Certification Form

- This must be done via the FEI HorseApp for all Horses as per the [FEI Veterinary Regulations](#)
- This must be completed prior to entering the Stables in Versailles
- This process is the same as for other FEI Events
- Click here to see **["How to submit my Horse Health Self-Certification Form on the FEI HorseApp"](#)**

All requirements are mandatory and will be provided to the relevant authorities within France / Paris 2024 Olympic & Paralympic Games Organisation

---

Further guidelines on how to use the FEI HorseApp can be found on the links below:

- [How to login to the FEI HorseApp](#)
- [How to manage My Horses on the FEI HorseApp](#)

For any questions related to the FEI HorseApp, please contact usersupport@fei.org
