

# Jumping Invitations

## How to see the status of my OC invitations on the FEI Entry System

You are an Organising Committee member and have access to the FEI Entry System for your Event?

You have invited an Athlete to your Event who wasn't invited by the FEI Invitation System and would like to see your OC invitations?

**Step 1:** Go to <https://invitation.fei.org> and login with your FEI ID number and password.

You can search for your Show in the **Event Search** section, or from your **Dashboard** you can select your Event from the tabs listed.

**Step 2:** You will see under **OC Invitations dashboard** all the invitations you have sent to the Athletes with the different status available.

## Jumping Invitations

**Accepted:** Your invitation has been accepted by the Athlete and confirmed by the National Federation. The Athlete is now entered and accepted in your Organising Committee quota for your Event.

**Declined:** The Athlete or the National Federation has declined the invitation for your Event.

**Pending NF acceptance:** The Athlete has accepted your invitation but the National Federation needs to confirm or decline the acceptance of this invitation.

**Invited:** You have sent an invitation to the Athlete for your Event. The Athlete has not accepted or declined it for the moment. You can choose to cancel your invitation.

**Please Note:** It is possible to filter the list of your OC Invitations you have sent to the Athletes for your Event to only see the **accepted invitations, pending invitations** and **declined invitations** by using the relevant toggle button.
