Which pages of the horse's identification document need to be uploaded on the FEI Database?

When certain actions are made on the FEI Database in regards to Horses, certain pages/scans of their identification documents must be uploaded on to the FEI Database.

This is to improve horse identification and traceability at events, during international travel and throughout the horse's career.

Athletes who need to provide these scans can use the FEI HorseApp, click here to see "[How to provide the FEI with scans of my horse's document using the FEI HorseApp.](#)"

National Federations can upload scans via the FEI Database or by using the FEI HorseApp: "[How to use the FEI HorseApp to upload horse documents.](#)"

For actions relating to a **FEI Registration Number Only**, the following pages are required:

FEI Registration Number Only		
Pages to Upload		Description of Pages
Name Page Nat. Doc	✓	Page(s) from the approved national passport containing the name of the horse. <i>(the page must contain the name of the horse, this might not be the front cover)</i>
Diagram and Description Page	✓	Description and Diagram page(s) of approved national passport <i>(these might be on separate pages, so two scans are necessary)</i>
Horse Information Page	✓	Page(s) from the approved national document containing basic information about the horse <i>(e.g. Colour, Gender, Date of birth etc.)</i>
Pedigree page	optional	Pedigree page from the approved national passport
Owner Page Nat. Doc	optional	Ownership page from the approved national passport

For actions relating to a **FEI Recognition Card** the following pages are required:
