How to deactivate a NF Member profile when they are no longer working for your National Federation

There is a NF Member who is no longer working for your National Federation?

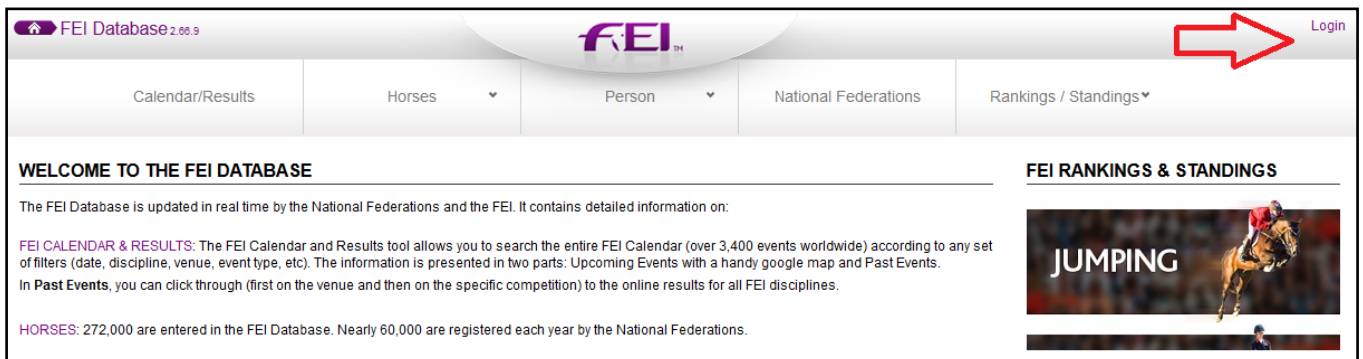

There is a NF Member who no longer requires access to the FEI IT platforms?

When a NF Member no longer requires access or no longer works for your National Federation there are three main things that need to be done:

1. Remove their access from their FEI account so they can no longer perform actions on the FEI IT platforms
2. Add an End date to their NF Function on their profile
3. Change their email address to a non-NF email address on their account

Please note: only NF USER ADMIN can deactivate NF Member profiles

Step 1: Go to the FEI Database (<https://data.fei.org>) and login with your FEI ID number and password

Find the Person in question using the **Person - Search** function.

Step 2: On their profile, scroll down to the bottom and untick all tick boxes that they no longer require.

If they no longer work for your Federation, please make sure all tick boxes are unticked.

Step 3: Go to the **NF Member** section to add an **End date** to their NF Function

Click on the name of the Function to open the pop-up window:

The image shows two screenshots. The left screenshot is the 'NF Member' profile page, where the 'Function' field is highlighted with a red box and contains the text 'Admin Officer'. A green arrow points from this field to the right screenshot. The right screenshot is the 'NF MEMBER FUNCTION' pop-up window. It contains the following fields: 'NF *' (value: GER), 'Function *' (value: Admin Officer), 'Department' (value: Jumping), 'Start date *' (value: 01/05/2018), and 'End date' (value: 01/10/2020). The 'End date' field is highlighted with a red box. At the bottom right, there are 'Ok' and 'Cancel' buttons, with the 'Ok' button also highlighted with a red box.

Enter the relevant **End date** and click on **OK**

Step 4: Make sure the email address of the NF Member is changed to non-NF email address. Go to the bottom of their profile page and enter a new/other email address in the **New email address field** then click on **Change email address**.
