How to add a Venue in the FEI Calendar

Go to: <https://data.fei.org> and in the top right hand corner of the page there is a **Login** button.

From the Calendar/ Results menu click on ADD VENUE

You can add a Venue by completing the information from this page.

Add a Venue will only enable the FEI to locate the place on the map. Once the Venue is created, you can add your Show every year.

The image shows the 'VENUE DETAIL' form. It has several input fields: Country (set to Netherlands), Venue, Street1, Street2, Street3, Zip, City, and Default timezone. There are also fields for Latitude and Longitude, with instructions on how to use them. A map of Switzerland is shown on the right, with a red pin indicating the location of the venue. The map includes labels for various cities and regions. At the bottom right of the map, there are 'Reset' and 'Save' buttons.
