

FEI Entry System for Jumping

How to enter Athletes with "Horse slots" on the FEI Entry System

You want to enter your Athletes but are not sure which Horses they are bringing yet?

You want to reserve the Horse' space but not sure on the name?

The new concept of "Horse slots" allows you to make entries for all FEI Jumping Events by adding spaces rather than specific Horses.

The slots must be filled at the latest 4 days prior to the Event, otherwise they will be removed.

Step 2: A pop-up window will open where you are able to choose the number of slots you wish to add for this Athlete for the specific Event.
