## How to update a Horse' pedigree on the Horse Detail page

There are two ways to create or update a horse' pedigree on the FEI Database:

1) you can use the suggestion boxes on the Horse's FEI ID page which these guidelines will explain to you

- this is quick and easy to use when you know the SIRE/DAM of the horse and can select the horse from a dropdown list

2) or you can do it via the pedigree page (**View Pedigree Horse**) [click here](#) to view these Guidelines

- this option provides more information on the SIRE/DAM that you are going to add

**Step 1:** You go to the HORSE DETAIL page to use the suggestion boxes that are on the Horse's FEI ID page.

You can either click on **View Pedigree Horse** to go to the full pedigree page. The red box below shows the suggestion boxes.

The screenshot shows the 'HORSE DETAIL' page for horse 105JV22 - ABBEY GIRL (SWE). The page has a top navigation bar with links '> View Horse Performances' and '> View Pedigree Horse'. The main content area is divided into sections: 'Name', 'Horse Info', and 'Pedigree'. The 'Pedigree' section is highlighted with a red box and contains the following fields:

- Studbook (WBFSH members): SWB - Swedish Warmblood Association
- Breed: Swedish Warmblood
- Breeder's name: Rudolf Meyer
- Sire: [dropdown menu]
- Sire's UELN: [dropdown menu]
- Dam: [dropdown menu]
- Dam's UELN: [dropdown menu]
- Sire of Dam: [dropdown menu]
- Dam's Sire's UELN: [dropdown menu]

Each dropdown menu in the pedigree section has an 'Advanced search' link next to it. The 'Horse Info' section on the left contains fields for Status, Date of Birth, Date of Retirement, Date of Death, Country of Birth, Color Code, Color Complement, Gender, Castrated/Sterilized, Pony, and Height.

**Step 2:** You start typing the name of the SIRE or DAM into one of the suggestion boxes.

You can also type their FEI ID number or UELN number in the search box.

A dropdown list will appear - you need to type at least 3 characters and the list will
